Sincerely,
For Valiant Communications Limited

Manish Kumar
Company Secretary

Valiant receives Purchase Orders of INR 847 Lacs

September 05, 2025

Valiant Communications [BSE: 526775] announces the receipt of Purchase Orders from System Integrators from private sectors for supply of its Communication, Protection and Synchronization equipment. The gross value of the purchase order is INR 847 Lacs. Whereas the end-users for the awarded project are Indian State Electricity Boards (SEBs).

Commenting on the above development, Mr. Inder Mohan Sood, CEO said, “The time proven successful installations of our equipment are now being recognized by global power utilities including the developed western countries. It gives us immense pride to know that our indigenously developed and manufactured Communication, Protection and Synchronization products are successfully installed with satisfactory operation since 2017 at a nuclear power plant in Switzerland, the home country of various foreign MNCs of the same business domain. This demonstrates and reaffirms our vision to become the leading manufacturer and supplier of communications, transmission, protection, synchronization and cyber security products and solutions, globally.

Whereas, being the indigenous manufacturer, Valiant is notably a natural partner for multiple System Integrators for the business opportunities that are arising in the Indian Public Sector out of the ‘Make in India’ and ‘*Atmanirbhar Bharat*’ initiatives of our Hon’ble Prime Minister of India.

As there are many other opportunities which are at finalization stage in near-term, we believe the continuum momentum of accelerated growth.”

About Valiant Communications: Valiant Communications is a manufacturer and exporter of a wide range of communications, transmission, protection, synchronization, NAS data storage equipment and cyber security products. It is an approved manufacturer to some of the major power utilities including Power Grid Corporation (India) and various National and State Electricity Boards, with track record of successful installations in more than 5,500+ power sub-stations worldwide including at 765kV, 440kV, 400kV, 384kV, 220kV, 132kV, 110kV, 66kV and 33kV power sub-stations.

.....

Disclosure of information pursuant to Regulation 30 of the SEBI Listing Regulations read with Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11-11-2024 (as amended)
